Brief description of project scope (250 words or less):

Indicate how many of the GIF selection criteria apply to this project:

___ The project eliminates or prevents an existing health, environmental or safety hazard.

___ The project supports University planning and/or sustainability objectives.

___ The project improves the efficiency, accessibility and/or connectivity of transit, pedestrian and bicycle infrastructure (e.g. bike racks, sidewalks, ramps, lighting, etc.).

___ The project has a positive impact on the University's operating budget expenses, e.g. reduce maintenance costs, reduce energy use, etc.

___ The project satisfies a particular academic or auxiliary program need.

___ The project improves the overall landscape and/or aesthetic quality of the University grounds.

Project justification. Briefly describe the need for the project and benefit to the University community with special attention to the GIF funding criteria. (Attach additional pages if necessary)

Please attach photographs, design plans and/or cost information if known. If matching funds are available, please indicate that as well
